

## **Debris Removal and Disposal Hotline**

In the aftermath of Hurricane Katrina, FEMA has established a Debris Hotline to assist the parishes and other municipalities in the removal and disposal of debris. This Hotline is not for residence or contractor use. Residence should contact their local parish or municipality for information. Contractors should work through their respective contacting channels.

Parishes or other municipalities should call the debris hotline for eligibility determination, contract, to discuss their specific circumstances and request for on-site assessments.

**Debris Hotline**  
**1-866-617-1780**  
**Monday – Sunday**  
**7:00am to 7:00 pm**
